

LEADING THE FIELD:

TempLine™ Synthetic Turf Cleaning Equipment

TEMPLINE™

WATER BUG™

Water Bug™

General Purpose Field Surface Cleaner

The **Water Bug™** carries its own water supply along with a high-pressure washing system suitable for a range of surface cleaning jobs, including synthetic turf, track surfaces and concrete walkways. Its 25 foot pressure hose extension, wand and interchangeable nozzles make the Water Bug a versatile cleaning tool in hard to reach areas or areas without ready access to water.

FEATURES INCLUDE:

- *Honda GX 200 powered CAT 3DX29 pressure pump*
- *12-inch cleaning path*
- *16 gal. on-board water tank*
- *Easily switched to standard water hose for a water supply*
- *10-inch diameter pneumatic front tires with solid castor rear wheels for easy handling*
- *Dimensions: 3.75 ft. long, 2.8 ft. wide, 3.25 ft. high*
- *Weight: 148 lbs.*
