

Eco Chemical TempLine Pre-Game Field Conditioner

PRODUCT DESCRIPTION

TempLine Pre-Game Field Conditioner was developed to solve adhesion problems presented with painting new synthetic turf fields. Lubricants used in the manufacturing of synthetic turf carpet adhere to the fibers even after the field is installed, preventing paint from sticking to the turf. TempLine Pre-Game pre-coats the fibers and promotes better adhesion of paint to the turf fibers. Pre-Game is especially recommended for painting during the first 90 days after field installation. Pre-Game is easy to apply, has low VOC's, and cleans up with soap and water.

Surface types: Safe for use on any type of synthetic turf and most infill systems.

APPLICATION INSTRUCTIONS

1. Make sure the turf surface is clean and dry. Pre-test for adhesion on an inconspicuous area.
2. Stir well before and periodically during application.
3. Apply with air or airless spray equipment, at temperatures between 45° and 95° F.
4. Clean equipment with warm soapy water immediately after use according to equipment manufacturers guidelines.
5. Allow field to fully dry (24 hour dry time is recommended) before applying turf paint.

STORAGE

Close container after each use. KEEP FROM FREEZING.

DISPOSAL

Never pour leftover material down any drain or sink. Use up material on the job, or seal pail and store safely for future use. Do not incinerate closed containers. For specific disposal guidelines, contact your local waste management agency.

TECHNICAL DATA	
Product	Eco TempLine Pre-Game Field Conditioner
Approximate dry time at 70° F.	Dry to touch in 4-6 hours. Suggested dry time before applying top coat is 24 hours. Note that drying times will vary depending on ambient temperature, humidity, and moisture content of the field.
Coverage	115-165 sq. ft. per gallon or 350-500 linear ft per gallon for a 4" wide line.
Cautions	* Do not take internally. * Close container after use. * Use with adequate ventilation. If spraying, use an approved NIOSH/ MSHA respirator. * Keep out of reach of children. DO NOT FREEZE.
Weight	8.15 – 8.45 lbs. per gallon
Viscosity	15 - 25 cps
pH	8.5 – 9.5
Dilution	No dilution necessary
Odor	Slight
Available	5 gal. pails, 55 gal. drums, or 275 gal. totes.
