

Eco Chemical TempLine Remover

PRODUCT DESCRIPTION

TempLine Remover is a water-based solution designed for easy removal of lines and logos painted with TempLine paints on synthetic turf fields. TempLine Remover LV and TempLine Remover Gel re-liquify TempLine paints for easy removal.

TempLine Remover is available in two formulations: LV (Low Viscosity) and Gel. Remover LV is good for use in most applications. Remover Gel is designed for areas with warmer temperatures and can also be used to help with hard-to-remove markings.

TempLine Remover LV	Ideal for temperatures between 40° F - 75° F
TempLine Remover Gel	Ideal for temperatures greater than 75° F

Surface type: Good for any type of synthetic turf and safe for all types of inorganic infill. Can also be used to help with cleaning of TempLine equipment.

APPLICATION INSTRUCTIONS

1. If using Remover LV diluted, mix at 1:1. Gel Remover must be used diluted 1:1.
2. Using a garden type sprayer, gas powered sprayer, or airless spray equipment, spray Remover solution onto existing lines painted with TempLine paint.
3. Wait 30 seconds, and then agitate the line with deck brushes, Eco Chemical Scrub Bug, or Mantis Hydro Extractor.
4. Rinse the turf fibers thoroughly with low pressure water, or Eco Chemical Waterbug.
5. Note that extraction is recommended to extend the life of your field and prevent field compaction.

STORAGE

Close container after each use. KEEP FROM FREEZING.

DISPOSAL

Never pour leftover material down any drain or sink. Use up material on the job, or seal pail and store safely for future use. Do not incinerate closed containers. For specific disposal guidelines, contact your local waste management agency.

TECHNICAL DATA

Product	Eco TempLine Remover LV or Remover Gel
Approximate dry time at 70° F.	Dry to touch in 1-1/2 to 2 hours. Note that drying times will vary depending on ambient temperature, humidity, and moisture content of the field.
Coverage	115-165 sq. ft. per gallon or 350-500 linear ft. per gallon for a 4" wide line.
Cautions	<ul style="list-style-type: none"> * Do not take internally. * Close container after use. * Use with adequate ventilation. If spraying, use an approved NIOSH/ MSHA respirator. * Keep out of reach of children. DO NOT FREEZE.
Weight	8.75 - 9.00 lbs. per gallon
Viscosity	15 - 25 cps
pH	8.3 - 8.6
Dilution	LV can be diluted 1:1 with water. Gel must be diluted 1:1
Odor	Slight
Available	5 gal. pails, 55 gal. drums, or 275 gal. totes.
